

Lisa Boesen

Speaker, Trainer, Author, Coach

FREQUENTLY ASKED QUESTIONS:

What kinds of groups and organizations do you work with?

I speak and facilitate workshops with any healthcare organization that is delivering patient care including acute care, skilled-nursing, long-term care, home health care, community health networks, hospice, physician group practices, and independent specialty services such as dialysis, outpatient rehabilitation and oncology centers. I also speak to professional organizations and non-healthcare organizations.

How long are your presentations and workshops?

- General session presentation: 45-90 minutes
- Breakouts or workshops : 60 minutes to 3 hours
- Target audience : Customized for leadership, team or general audience

For workshops including the MBTI[®] assessment, interpretation and application to aspects of *Creating Compassionate Connections™*, a suggested minimum workshop of four hours, depending on audience and application.

Do you customize presentations?

Absolutely! Topics and content can be customized to meet your conference or learning objectives. Presentations or workshops can be modified for allied health or career development programs in secondary schools, colleges or proprietary schools and character development programs in middle and secondary schools as well non-healthcare industries.

Do you provide materials and handouts?

General presentations: A Powerpoint master will be provided for duplication and distribution.
Facilitated workshops: A participant guide will be provided for duplication and distribution.

What are your room requirements?

General presentation: AV equipment, lavalier, computer, screen, remote.
Facilitated workshops: varies with audience size. Basic needs may include: AV equipment, computer, lavalier, screen, remote, flipcharts, markers, post-it notes, writing materials.
